CONTENTS OF VOLUME 7

Abel, E. L., & York, J. L. **Age-related differences in response to ethanol in the rat** 391
Ackerman, R. F. See Bodnar, R. J.
Akins, F. R. See Klipec, W. D.
Albert, D. J. **Induction of mouse-killing in nonkiller rats by temporary chemical lesions in the medial hypothalamus** 64
Altshuler, H. L. See Gonzalez, L. P.
Archer, T., & Sjödén, P.-O. **Neophobia in taste-aversion conditioning: Individual differences and effects of contextual changes** 364
Archer, T. See Sjödén, P.-O.
Bachman, M. K. See Thompson, R.
Bailey, S. D. See Woodruff, M. L.
Barnett, O. J. See Maltzman, I.
Bartelt, S. W. See Misanin, J. R.
Benton, D., Brain, P. F., & Goldsmith, J. F. **Effects of prior housing on endocrine responses to differential caging in male TO-strain mice** 89
Bliss, D. K. See Modrow, H. E.
Bodnar, R. J., Ellman, S. J., Coons, E. E., Ackermann, R. F., & Steiner, S. S. **Differential locus coeruleus and hypothalamic self-stimulation interactions** ... 269
Bond, N. W. **Effects of postnatal alcohol exposure on maternal nesting behavior in the rat** 396
Boulden, W. L. See Misanin, J. R.
Bowman, R. E., Heironimus, M. P., & Harlow, H. F. **Pentylenetetrazol: Posttraining injection facilitates discrimination learning in rhesus monkeys** 265
Bozarth, M. A. See Stapleton, J. M.
Brain, P. F. See Benton, D.
Braun, J. J. See Kiefer, S. W.
Brennan, A. F. See Kimmel, H. D.
Brennan, J. F. **Prefrontal lesion effects on suppression of open-field activity in young and adult rats** 333
Browman, C. P. **Diurnal variation of the human auditory evoked potential** 287
Brownlow, D. G. See Kling, J. W.
Brunia, C. H. M., & Vuister, F. M. **Spinal reflexes as indicator of motor preparation in man** 377
Callahan, M. See Lorden, J. F.
Carrasco, M. A. See Gallardo, L.
Carter, N. See Sjödén, P.-O.
Charlebois, A. T. See Fried, P. A.
Childress, A. R., & Thomas, E. **A comparison of central aversive stimulation and peripheral shocks in the production of learned helplessness** 131
Church, A. C., & Sprott, R. L. **The influence of mouse genotype on passive avoidance learning and subsequent concentrations of norepinephrine and serotonin in the hypothalamus and hippocampus** 84
Coogle, C. L. See Stapleton, J. M.
Coons, E. E. See Bodnar, R. J.
Cosden, M. A. See Feeney, D. M.
Crow, L. T. See Ley, M. F.
Davis, N., & LeVere, T. E. **Recovery of function after brain damage: Different processes and the facilitation of one** 233
Davis, N. See LeVere, T. E.
Dawson, R., Jr. See Lorden, J. F.
Dokla, C. P. J. **Effects of hippocampectomy in a one-trial electroconvulsive shock paradigm** 53
Douglin, D. C., & Glassman, R. B. **Gradual increase in self-stimulation response rates: Effect of electrode loci** 135
Ellman, S. J. See Bodnar, R. J.
Ettenberg, A., Garrett, O. J., & Milner, P. M. **Effects of exteroceptive stimuli on conditioned taste preferences induced by self-stimulation in the rat** 126
Fanselow, M. S. **Naloxone attenuates rat's preference for signaled shock** 70
Faulds, B. D. See Plunkett, R. P.
Feeney, D. M., Longo, J. F., Cosden, M. A., Zenick, H., & Padich, R. **Detection of the effects of lead exposure by visual evoked response latency** 143
Finger, S. See Gabriel, S.
Flaherty, C. F., & Meinrath, A. B. **The influence of scopolamine on sucrose intake under absolute and relative test conditions** 412
Freer, B. See Gabriel, S.
Fried, P. A., & Charlebois, A. T. **Cannabis administered during pregnancy: First- and second-generation effects in rats** 307
Furedy, J. J. See Poulos, C. X.
Gabriel, S., Freer, B., & Finger, S. **Brain damage and the overlearning reversal effect** 327
Gaito, J., & Gaito, S. T. **A factor analysis of data from sequential alternation of amygdaloid stimulation: A replication** 437
Gaito, S. T. See Gaito, J.
Gallardo, L., Mottles, M., Vera, L., Carrasco, M. A., Torrealba, F., Montero, V. M., & Pinto-Hamuy, T. **Failure by rats to learn a visual conditional discrimination after lateral peristriate cortical lesions** 173
Garcia-Sevilla, L. See Morgado-Bernal, I.
Garg, A. P. See Shapiro, N. R.
Garrett, O. J. See Ettenberg, A.
Gates, C. E. See Thompson, R.
Geist, C. R., & Mattes, B. R. **Behavioral effects of postnatal lead acetate exposure in developing laboratory rats** 399
Gelbard, S. D. See Stapleton, J. M.
Gill, J. H., & Nielson, H. C. **A specific arousal effect from barpressing on nonspecific arousal in rats** ... 447
Glassman, R. B. See Douglin, D. C.
Goldsmith, J. F. See Benton, D.
Gonder, L. See LeVere, T. E.
Gonzalez, L. P., & Altshuler, H. L. **Scopolamine effects on suppression of operant responding** 156
Gould, J. See Maltzman, I.
Gray, T. S., Lavond, D. G., Meyer, P. M., & Meyer, D. R. **Comparative significance of pretectal and ventral lateral geniculate systems in functional recoveries after injuries to the posterior cortex** 22
Grimsley, D. L., & Starnes, E. C. **Salt seeking by means of food and fluid selection in adrenal-**

ectomized rats 295
Gross, S. A. See Thompson, R.
Harlow, H. F. See Bowman, R. E.
Harper, A. H. See Mathura, C. B.
Heironimus, M. P. See Bowman, R. E.
Heslegrave, R. J. See Poulos, C. X.
Hinderliter, C. F. See Misanin, J. R.
Hinderliter, C. F. See Riccio, D. C.
Hoehler, F. K., & Thompson, R. F. **The effect of temporal single alternation on learned increases in hippocampal unit activity in classical conditioning of the rabbit nictitating membrane response** 345
Horne, J. A. **Restitution and human sleep: A critical review** 115
Howarth, H., Meyer, D. R., & Meyer, P. M. **Perinatal injuries to the visual cortex enhance the significance of extravisual cortex for performance of a visual habit** 163
Ison, J. R. See Russo, J. M.
Kiefer, S. W., & Braun, J. J. **Acquisition of taste avoidance habits in rats lacking gustatory neocortex** 245
Kimmel, H. D., Raich, M. S., & Brennan, A. F. **Habituation and rehabituation of the monkey's orienting reflex as a function of stimulus variability** . 283
Kling, J. W., Brownlow, D. G., Menich, S. R., & Velozo, C. A. **Pulse-frequency analysis of septal and hypothalamic reinforcement effects** 422
Klipec, W. D., Akins, F., & Koerner, A. **The effects of Δ⁹-THC on wavelength generalization in the pigeon** 153
Koerner, A. See Klipec, W. D.
Krinsky, R., Lotter, E. C., & Woods, S. C. **Appetite suppression caused by CCK is diet specific in VMH-lesioned rats** 67
Ksir, C. **Reply to Richard W. Thompson's "Comments on Ksir, C. 'Scopolamine does not reduce tonic immobility in chickens'"** 456
Lanthorn, T. H. See Webster, D. G.
Lavond, D. G. See Gray, T. S.
LeVere, T. E., Davis, N., & Gonder, L. **Recovery of function after brain damage: Toward understanding the deficit** 317
LeVere, T. E. See Davis, N.
Ley, M. F., & Crow, L. T. **The effects of alcohol on learned helplessness** 387
Lind, M. D. See Stapleton, J. M.
LoLordo, V. M. See Randich, A.
Longo, J. F. See Feeney, D. M.
Lorden, J. F., Callahan, M., & Dawson, R., Jr. **Effects of forebrain serotonin depletion on fenfluramine-induced taste aversions** 97
Lotter, E. C. See Krinsky, R.
Mactutus, C. F. See Riccio, D. C.
Maltzman, I., Gould, J., Barnett, O. J., Raskin, D. C., & Wolff, C. **Habituation of the GSR and digital vasomotor components of the orienting reflex as a consequence of task instructions and sex differences** 213
Maltzman, I., & Raskin, D. C. **Selective orienting and habituation of the GSR as a consequence of overt and covert activity** 204
Maltzman, I., & Raskin, D. C. **Conditioning the GSR and digital vasomotor response to words under a short and a long CS-UCS interval** 209
Maltzman, I., Raskin, D. C., & Wolff, C. **Latent inhibition of the GSR conditioned to words** 193
Maltzman, I. See Pendery, M.

ACKNOWLEDGMENTS

The Journal would like to express its sincere thanks to the following individuals who have given freely of their time and counsel in reviewing papers for the Journal.

Jon Baron, *University of Pennsylvania*
Theodore W. Berger, *University of Pittsburgh*
Stephen D. Berry, *Miami University*
Robert J. Blanchard, *University of Hawaii*
Robert C. Bolles, *University of Washington*
J. Jay Braun, *Arizona State University*
F. Robert Brush, *Syracuse University*
Alfred A. Buerger, *University of California, Irvine Medical Center*
Ronald Clavier, *Northwestern University Medical School*
V. H. Denenberg, *University of Connecticut*
Leyla deToledo-Morrell, *Rush-Presbyterian-St. Luke's Medical Center*
Jerome Engel, Jr., *University of California, Los Angeles*
Leonard W. Hamilton, *Rutgers University*
John A. Harvey, *University of Iowa*
Fred K. Hoehler, *University of California, Irvine Medical Center*
Robert L. Isaacson, *State University of New York, Binghamton*
Robert Jensen, *University of California, Irvine*
Ryoko Kakihana, *San Francisco State University*
F. S. Kraly, *Colgate University*
Phillip Landfield, *Bowman Gray School of Medicine, Winston-Salem*
Thomas E. LeVere, *North Carolina State University*
Seymour Levine, *Stanford University School of Medicine*
John Marshall, *University of California, Irvine*
Joe Martinez, *University of California, Irvine*
M. E. Olds, *California Institute of Technology*
Robert Reynolds, *University of California, Santa Barbara*
